

# Tool & Die Design/Engineering

## Tool Room

- CNC Machining
- Wire EDM
- Fixturing
- Grinding
- Precision Die Assembly

## Tool Room Equipment

- Fully equipped machining center
- Agie EDM
- Toyoda CNC Machining Center
- Brother Compact Machining Center

## Dies Produced

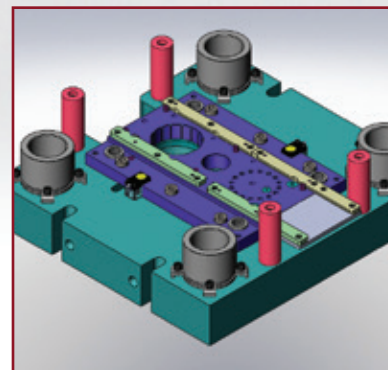

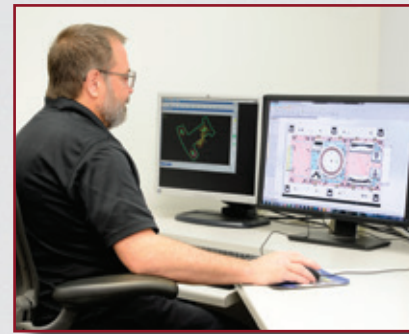

- Compound
- Progressive
- Fineblanking
- Notching
- Forming
- Shallow Draw

## Die Material

- Carbide
- High Speed Steel
- A2, D2

## Engineering

- CAD 2D, 3DQuickpress, and SolidWorks programs
- On-site Support and Analysis
- Reverse Engineering
- Product Development Consultation
